

Darkest Legal Window Film

Maximum protection and stylish looks

You and your passengers will be protected from damaging rays, blocking up to 99% of UV entering through the windows. It delivers maximum protection, outstanding glare reduction, exceptional heat rejection and of course ultimate privacy.

It's the darkest automotive window film and is guaranteed to perform for a lifetime*.

Our Darkest Legal Window Film starts working the minute it has been applied to your vehicle. This film offers maximum UV protection, and dramatically reduces heat and glare.

One of the other important benefits of window film is its ability to hold shattered glass together in the event of an accident.
