# Say 'hello' to Fleetpro!

Fleetpro is a specially created one-stop-shop solution for small business, bundling three essential fleet management services into one easy monthly invoice.

Fleetpro is designed to handle the fuel, maintenance and roadside assistance of your company's vehicles, helping you control your costs, increase efficiency and reduce your administration time.

Improve cashflow

Reduce finance costs

Dedicated account manager

Mitigate risk & improve compliance

Optimise your fleet with real-time data

24/7 driver support hotline for fuel & roadside assistance

*we know the way*

# What's included?

1

## Fuel Cards

### Great fuel discounts at major service stations

Cost effective fuel purchase is key in reducing the direct costs of fleet management. Fleetcare Fuel Cards benefit from discounts at more than 4,500 BP, Shell & Caltex fuel stations nationwide.

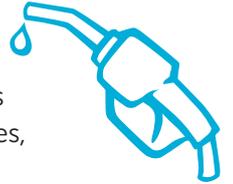

### Interest free account

We keep our fee structure simple. You'll pay one low monthly fee plus a small transaction fee for each fill up.

To keep costs low, our transaction fees are set amounts, not percentages. No other hidden fees or charges apply, and your account is interest free.

### Real-time usage reporting

Fleetcare's real-time reporting tools give you instant access to in-depth management information, allowing you to drill down to single transactions for tracking and accountability purposes, minimising opportunities for fraud.

2

## Roadside Assistance

### 24/7 driver support, Australia-wide

Contact us whenever you need help with breakdowns, flat tyre, emergency fuel, key replacement, repairs, a crash or even advice about your vehicle such as tyre pressure. No matter what you need, we can help.

3

## Maintenance

### Better for your drivers

Automated service reminders, online service booking access and a 'drop the keys and go' process to save your driver's time.

### Better for your business

You don't need downtime. That's why we have a dedicated team to get your vehicles back on the road as quickly as possible, saving you time and money. All repairs are authorised and verified by our qualified maintenance controllers, ensuring optimum service, the best rates possible and warranties claimed at every opportunity.

## Optional extras

At Fleetcare, we know that one size doesn't fit all, so we offer a range of flexible options for you to tailor your package to suit your individual needs.

### Finance and Leasing

Offering a range of financing and leasing options and the expertise to help you make the best purchasing decisions for your fleet.

### GPS and Telematics

Real-time vehicle tracking combined with advanced Fringe Benefits Tax (FBT) reporting, incident alerts and exception reporting to reduce fraud and unauthorised vehicle use.

### Electronic Tollway e-Tags

Single Australia-wide toll management e-Tag system with easy monthly invoicing.

If you need more support for your fleet, there are many more ways Fleetcare can tailor a package for your business, just get in touch!

*All this wrapped up  
in one monthly invoice,  
what could be easier?*
